Nine persons were burned to death this morning in a five-story tenement house in 7th avenue, New York.

Thomas McFarland, hard wood lumber dealer in Chicago, assigned this morning. His assets amount to \$25,000 while his liabilities amount to \$55,000.

George B. Peck, Esq., formerly of this city, now of Topeka, Kansas, is to be one of the orators on the occasion of the unveiling of the statue of General Grant at Leavenworth, August 25th.

Who was it said: "Give me the best eggs of the country and I will pay of the national debt?" Whoever it was will be interested in knowing that Russia exported to England in 1887 the large number of 1,088,000,000 eggs, which sold for 29,265,000 roubles.

The bronze monument to Robert E. Lee at Richmond, Va., will be unveiled in November next. The pedestal is being built of New England granite, the profound disgust of General Jubal Early and numerous other "lost cause" irreconcilables, who think it pollution to bring any Yankee thing upon the alleged sacred soil of the Old Dominion.

A license bill has almost a narrow escape from passing the New Hampshire house of representatives, receiving 118 votes to 144 opposed. It is understood that the defeat was due mainly to the dissatisfaction of those who approve license but were not satisfied with the bill. License is to be the issue of the coming election, and there can hardly be a doubt that New Hampshire will soon abandon prohibition which does not prohibit.

There have been big gold nuggets found in various countries, but the largest that was ever discovered, the Silver Dollar states, was found in New South Wales, Australia. It was unearthed on May 10, 1872. It weighed 640 pounds, height four feet nine inches, width three feet two inches, average thickness four inches, and it was worth \$148,800. It was found imbedded in a thick wall of blue slate at a depth of 250 feet from the surface. An interesting feature of its history was that the owners of the mine were living on charity when they found it.

The republican party is unequivocally committed by last year's platform to the reduction of letter-postage to one cent per ounce, and steps in that direction may reasonably be expected from the List congress. Meanwhile the numerous users of postal cards will be glad to learn that these indispensable articles are hereafter to be made in three sizes and are to be improved in quality. How extensively postal-cards are used may be judged from the statement that 2,000,000,000 of them will probably be required to meet the demand during the four years that Mr. Daggett's contract will run.

The president's speech at Bath while visiting one of the largest private shipyards in New England, contained a pledge which will be remembered by all Americans interested in the restoration of the commercial marine. "In every way that I can, whether as a citizen or a public officer," he remarked, "I shall endeavor to promote the rebuilding of our American merchant marine and the restoration of that great carrying trade which we once possessed in every sea." That pledge, if supported by courageous recommendations in his first annual message, will be worth much to the cause of American shipping. Congress has it within its power to take such action as will promote the immediate establishment of steamship lines between California and Australia and between New York and various South American countries.

The new White Star liner has not broken the record, but she furnishes the promise and potency of making a long series of rapid voyages. The City of New York, with which the Teutonic came into direct competition, arrived 45 minutes in advance, although her course was ten miles longer. But this by no means proves, says the New York Tribune, that the City of New York is the better boat. On the other hand, the probabilities are that the City of Paris will be forced to look keenly to the laurels which she so readily plucked from her competitors on the Atlantic. In point of luxuriousness, convenience, comfort and all the other matters which tend to make the transatlantic voyage a thing of pleasure, if not a perpetual joy, the Teutonic can safely be said to surpass all her rivals and all that has been attempted hitherto in marine architecture.

Lieutenant Taunt, the United States commercial agent in the Congo region, makes a melancholy report in regard to Bishop Taylor's missionary enterprise. He pronounces it a failure, and says that it was started and continued under a mistaken idea as to the possibilities of the Congo country and climate. "The people barely live," is Lieutenant Taunt's report on the Taylor colony. It did seem a venturesome thing to take a company of women and children into the African wilderness as a nucleus of civilizing and christianizing influences, but Bishop Taylor possesses such indomitable energy that it was believed he would succeed where any ordinary man

would be sure to fail. If Lieutenant Taunt's statements are correct—and he says that his opinion is that of "almost every white man on the Congo"—Bishop Taylor's judgment was run away with by his enterprise. He has the genuine pioneer spirit, but a colony cannot be sustained by that alone.

CHEROKEE NEGOTIATIONS.

Chief Mayes' Reply Regarded as Settling the Matter for Two Years.

LITTLE ROCK, Ark., Aug. 19.—A special from Indian Territory says that Chief Mayes' reply to the proposition of the United States commissioners for the purchase of the Cherokee strip is regarded as a final settlement of the question until the election in 1891, when a principal chief will be chosen to succeed Mayes, and when an amendment to the Cherokee constitution providing for a sale of the strip can be voted on by the Cherokee electors. In the newly elected Cherokee legislature, which convenes in November, Chief Mayes' party has ten majority.

The Iowa Tax Levy.

DES MOINES, Iowa, Aug. 19.—Returns from Polk and Woodbury counties have just been received, and the State board of equalization has completed its work. The returns show that there are 34,734,730 acres of land in the State at an equalized value, including town lots, of \$184,753,112. The total personal value is \$103,554,136 and the valuation of railroad property \$13,501,419, making the total assessable value \$291,908,658. The tax levy for State purposes is 24 mills, giving a revenue of \$1,289,626.

Dressed Beef Consigned to Duluth. DULUTH, Minn., Aug. 19.—Consignments of dressed beef arrived here yesterday for the local packers and all of the cars came through St. Paul and Minneapolis. It had been reported that an injunction would be served on the cars as they passed through the city, but the St. Paul beef men, but the cars were not molested. It is understood that Attorney General Clapp will appeal the case of last Tuesday deciding the inspection on the hoof law unconstitutional.

Appointed Superintendent at West Point. WASHINGTON, Aug. 19.—Col. John M. Wilson, of the Engineers corps, into superintending of public buildings and grounds in the District of Columbia, has been appointed superintendent of the United States military academy at West Point to succeed Gen. John G. Parke, who was recently retired.

New Hampshire Legislators Procrastinate. CONCORD, N. H., Aug. 19.—Gov. Goodell prorogued the Legislature Saturday afternoon. During the session the Governor approved 288 bills and fifty-seven joint resolutions and vetoed one act.

Self Defence Against Dangerous Fee

Forewarned is not forearmed in the case of those who incur the risk of an attack from that dangerous foe, malaria, unprovided with a means of offense. But if those in trouble are aided, sustained and reinforced with the great fortifying safeguard, Hostetter's Stomach Bitters, malaria, prolific breeder of evil mania, fevers in the shape of bilious remittent and chills fever, ague, dumb ague, and the ailments of the isthmus and Central American coast, is nullified and rendered harmless. Our western pioneer settlers and miners, dwellers in tropical lands, and visitors of and dwellers in malarious localities in this country and many quarters of the globe, have for years been acquainted with the fact and are constantly provided with this unparalleled defensive medicine and remedy. All disorders of the stomach, liver and bowels, rheumatic and kidney complaint and rheumatism are conquered by it.

COULDN'T GET GO.

Laborers around a new building in Boston were amazed the other day to find that they could not release their hold on a guy rope of the derrick. The foreman shouted to them to go to work and they replied that they couldn't. He became angry and the answer and rushing to the spot grasped the guy. He then understood the situation perfectly, but he was unable to remove the cause of the trouble—a live electric wire that had crossed the guy. Soon the connection was unaccountably broken and all the men were released, little the worse for their experience.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes it to be brought to those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c. and \$1.00. We certainly would advise a trial. It may save you from consumption.

DARING MAIL ROBBERY.

OVER \$10,000 OF REGISTERED MAIL MATTER STOLEN.

A Gay Deputy Postmaster \$6,500 Short—Murderer Guilty in Jail at Hastings, Mich.—The Criminal Record.

HUNTINGTON, Ind., Aug. 19.—The defalcation in the Boonville postoffice approximates \$6,500. The United States inspector has completed his investigation and the bondsman have settled up, each paying the sum of \$3,250 to the United States government. William E. Denny, the defaulting assistant postmaster, took \$3,000 of postmaster Swint's undrawn salary. Swint is the editor of the Boonville Enquirer, a money loving Democratic paper. Swint, on account of ill health, left the entire management of the postoffice to Denny. Denny had not made a report to the government for twenty-one weeks. This neglect brought about the investigation.

Denny's robbery has completely ruined Postmaster Swint, who turned over to the bondsman his paper and all his property except his household furniture. Denny was a crazy gambler, completely intoxicated with the game. He made nightly visits to Evansville and gambled the nights away. He was a gay, rollicking fellow, extravagant and reckless, but was so jovial that he made many friends. He is 32 years of age. He had a passion for music and would buy sheet music, and musical instruments whenever he could. The day before he skipped out for Canada he sent to a music house at Evansville for the song, "We have parted from each other and our dream of love is o'er." Denny left in Boonville about \$1,000 in unpaid debts. Government detectives are on his track, but it is doubtful if the embezzler will be captured. Postmaster Swint had blind confidence in his deputy, and though frequently warned against him paid no heed. In society Denny was a leading spirit, and his trouble has turned the town upside down.

MOB VIOLENCE IS FEARED.

Murderer Gusch Arrested and Lodged in Jail at Hastings, Mich.

GRAND RAPIDS, Mich., Aug. 19.—Amiel Gusch, the fugitive, was captured Sunday, eight miles south of Hastings, by Deputy Sheriff Osborne of Nashville, and is now in jail at Hastings. An immense crowd of farmers and citizens surrounded the jail Sunday night and the officers feared mob violence. Last week Gusch and Charles Brearly, who were wanted for wheat-stealing, fired upon Deputy Sheriff Peter Sinclair and his brother Daniel, who had warrants for them, and instantly killed Daniel. Brearly was wounded and captured, but Gusch escaped to the woods and, well armed, has been terrorizing the neighborhood since, men fearing even to go out except in squads and heavily armed. In the afternoon Osborne and two friends were driving toward Battle Creek and saw a man sitting by the roadside. They offered him a ride and when he got on the buggy they asked him his name and he gave it as Gusch. They then took him to Hastings. He was completely exhausted with tramping and lack of food and shelter and said he was glad to be locked up.

A MAIL TRAIN ROBBED.

A Valuable Pouch Taken From a Train on the Vandalla Road.

TERRE HAUTE, Ind., Aug. 19.—The regular fast mail train on the Vandalla road from Pittsburg to Louisville was robbed as a registered through mail pouch at Terre Haute Saturday night, sent from Albany, N. Y., to St. Louis, containing remittances to cover stock transactions. The train was due at Terre Haute at 9:45 and it only stopped there five minutes. After leaving Terre Haute the head mail clerk at a station here received a telegram from the authorities at Terre Haute asking him if he had lost a pouch, saying that one had been found there. He investigated and found he had. The pouch contained a very rich mail, and are trying to locate the robbers. The mail clerk declares the pouch must have been thrown out by some one in the car, as it was hung on a hook where it could not possibly be reached from the outside, nor could it have fallen out. The loss is supposed to be very heavy. There is no clue. The train was in charge of Conductor W. C. Smith, and Mr. Charles De Shields was chief mailing clerk.

Supposed Train Robbers Captured.

KANSAS CITY, Mo., Aug. 19.—Friday afternoon James and Howe Paulsen, brothers, were arrested in this city charged with the robbery of the Wahash train on Aug. 3. The prisoners were taken to Liberty, where they have been kept ever since. The officers state that they are certain that they have captured the right men. Howe Paulsen is a roustabout on a river steamer, and Jim is the driver of an ice wagon in Randolph, Mo. They were given a preliminary hearing yesterday at Liberty, when, at the request of the State, the case was continued until Thursday next.

Marshal Nagle Released.

LATHAM, Cal., Aug. 19.—Deputy United States Marshal Nagle, who shot and killed David S. Terry, was released from jail at Stockton at 5 o'clock Saturday morning on a writ of habeas corpus issued by Judge Sawyer of the United States Circuit court. He passed through here en route for San Francisco, accompanied by Marshal Franks.

Mormon Elders Mobbed.

ELENSBORO, W. Va., Aug. 19.—Two Mormon elders named Devor and Shean attempted to hold a meeting at Pine Grove, this county, last night. The crowd attacked the missionaries with clubs, stones and eggs, and they were badly beaten and their clothes burned. Shean has a severe cut on the head.

To Defend Marshal Nagle.

SAN FRANCISCO, Aug. 19.—United States Attorney Cary received a telegram Saturday morning from the Department of Justice at Washington instructing him to assume, on behalf of the United States government, the defense of Deputy United States Marshal Nagle.

Allen Taken to Sing Sing.

NEW YORK, Aug. 19.—Eben S. Allen, who was Friday sentenced to fourteen years' imprisonment for issuing fraudulent stock, was Saturday taken to the Sing Sing prison. He looked like a thoroughly broken down completely.

Suicide of a Clergyman's Wife.

MONTPELIER, Vt., Aug. 19.—Marcia Guernsey Beach, wife of the Rev. J. W. Beach of Essex, Vt., drowned herself in the Winooski river last night. She was 35 years of age, and her husband was gravely shocked by the recent death of her mother.

Two men were drowned at Camp Lake, near Kenosha, while fishing. They were Andrew Johnson and a blacksmith named Peterson.

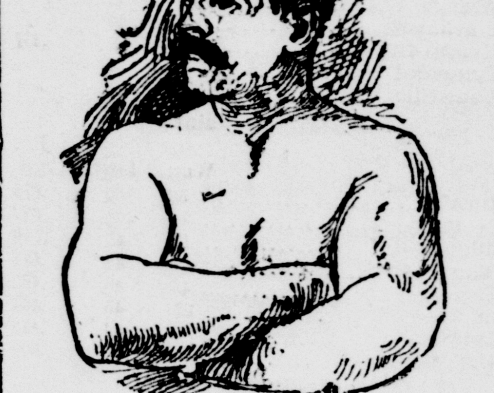

Greatest Quack.

"Yes, it pays," said a big, fat physician with a name which is known throughout the medical world. "I have a practice worth \$10,000 a year." "Woman?" "Yes, you've guessed it first time. They pay \$10 every time they come into my office. When one gets on my list I tell you she stays!" and Dr. H. laughed long and loud. This is quackery—to keep suffering women paying for a cure in an endless way, doing them no good. Dr. Pierce's Favorite Prescription cures the peculiar weaknesses of women. It does not lie to them nor rob them.

SULLIVAN'S SENTENCE.

The Fugitive Receives the Penalty of Twelve Months' Imprisonment.

PURVIS, Miss., Aug. 19.—John L. Sullivan was Saturday morning sentenced to twelve months' imprisonment, and Referee Fitzpatrick pleaded guilty and was sentenced to pay a fine of \$200.

JOHN L. SULLIVAN.

twelve months' imprisonment, and Referee Fitzpatrick pleaded guilty and was sentenced to pay a fine of \$200.

Sullivan Reaches Cincinnati.

CINCINNATI, Ohio, Aug. 19.—John L. Sullivan, who was sentenced at Purvis, Miss., Saturday, to one year's imprisonment for prize fighting and afterward released on his arrival here Sunday night on the Queen & Crescent route. He was met by John Sullivan of this city, and as soon as the two left the train they became the head of a rapidly spreading and encircling procession of train men and others who had got within the train enclosure. Outside this enclosure the space was packed, and it was with difficulty that the pugilist hero and his escort made their way through into the waiting room and then out to a carriage. The enthusiastic crowd cheered Sullivan frequently, but he gave no sign of recognition of the adoration of his admirers, but walked straight on under his yellow straw hat like a soldier in review. He was driven rapidly to the Pennsylvania depot, where he arrived just in time to take the train for New York.

Kilrain Unpleasantly Surprised.

BALTIMORE, Md., Aug. 19.—Detective Childs, sent by Gov. Lowry to bring Kilrain, the pugilist, to Mississippi, arrived here Saturday morning and called upon Marshal Frey, who told him Jake was out on bail and could not be had until Thursday. Kilrain, when notified of Childs' arrival and John L.'s sentence to twelve months in the penitentiary, uttered an ejaculation indicative of a decidedly unpleasant surprise.

MINERS ARE STILL OUT.

Their Final Offer Rejected by the Operators.

CHICAGO, Aug. 19.—The conference arranged by Dr. Fred Wines and Judge Gould of the State Board of Charities between the coal operators and the striking miners was held Saturday at the Grand Pacific. Among the mine-owners present was W. L. Scott, the large Pennsylvania operator, but who is also largely interested in Illinois and who has recently purchased 40,000 acres of coal land in this State. The miners were represented by President McBride, Patrick McCall, John McLaughlin, and others. The Hon. Francis Lawler was also present and made a speech in behalf of the miners. The miners proposed to accept a reduction of 74 cents a ton until Oct. 1, when the price should be advanced 24 cents. This was rejected by the operators, and, finding it impossible to agree, the meeting adjourned indefinitely, with considerable ill feeling on both sides, and the controversy will now be one of endurance, each side being determined to fight to the bitter end.

BIG RUN OF SALMON.

British Columbia Beating Her Best Record in the Fish Industry.

VICTORIA, B. C., Aug. 19.—Never in the history of British Columbia has such a run of salmon been known as that on the Fraser river. The total catch so far on the Fraser alone exceeds \$70,000, which will be increased to \$90,000 cases. The total pack of the whole province will reach 420,000 cases, valued at \$2,420,000. This will exceed by 150,000 cases the largest pack ever put up. This immense run is accounted for by the Dominion government hatcheries on Fraser river. Advice from Alaska state that salmon is running in large quantities all over the coast.

CALAMITIES IN CHINA.
Much Loss of Life Caused by Floods and
an Earthquake.

SAN FRANCISCO, Cal., Aug. 19.—The
steamer City of Sydney, from Hong-Kong
and Yokohama, which arrived this evening,
was expected to bring the details of an
earthquake at Kanton, the first of the
news of which was cable from Yokohama
July 30. One cablegram gave the loss of
life as 3,000, while another stated that
almost the entire town of Kanton, with
a population of 25,000, was destroyed.
Full details had not been received when
the city of Sydney left Yokohama
but newspaper of that city dated Aug. 2
indicate no such loss of life. The news
given by the cablegrams. Several towns
to Yokohama gave the loss at
twenty to thirty killed. The Japan news-
paper says many hills have
been rent, houses demolished, and people
killed and wounded in the city, without
regard to the damage in the surrounding
villages. Another shock has been felt
and the inhabitants are in great alarm.
The flood having subsided in
various districts of Japan a fairly ac-
curate estimate of the damage done has
been obtained. Ninety and thirty houses
were destroyed by being washed away or
broken up by colliding together and forty-
one persons are known to have lost their
lives. The news of the attack on the Chin
Chu village for the first time since the
four or five of their countrymen last year
the rioters ravaged themselves by slaugh-
tering between 400 and 500 inhabitants
of the Chin Chu village, including women
and children.

SEVERE STORM IN MINNESOTA.
Heavy Fall of Hail, With Strong Winds.
Reported at St. Hilliard.

ST. PAUL, Minn., Aug. 19.—Reports
have been received of a severe storm at
Plainville and St. Hilliard Saturday night.
From the latter place it is reported that a
heavy hail storm, accompanied by a
strong wind, struck about six miles north
of the town and did much damage to
wheat not yet in shock. It also broke
window glass extensively. Chunks of ice
an inch square were found. From Plain-
ville comes the report of a severe thunder
storm, during which the Fort Snelling
stage driver, was struck by lightning and
instantly killed.

Two Men Killed.
VINNEXES, Ind., Aug. 19.—Freight
train No. 10, of the Chicago & North
Western, on the Ohio & Missis-
sippi railroad, throwing the locomotive
off the track, and eight cars were derailed
and demolished. The locomotive is badly
demolished and the cars smashed into
splinters. Three of the cars were stock
cars, and several animals were killed out-
right.

Two men were killed, J. C. Lyons being
literally smothered in a July, and C. M.
Pauley so badly crushed that he is not ex-
pected to survive the night. The engineer
and fireman saved themselves by jumping
into the ditch.

CONGRESSMAN LAIRD DEAD.
The Nebraska Statesman Passed Away at
10 O'clock Saturday Morning.

HASTINGS, Neb., Aug. 19.—Congress-
man Laird died Saturday morning at 10
o'clock. His decease occasioned little sur-
prise, as he had been ill for months, and
his physicians had given up all hope. He
was 40 years of age.

A New Yorker by birth, he was brought
up in Michigan, and educated at an
college and the Ann Arbor university.
He graduated from the Michigan Law
school in 1871, and practiced his profes-
sion ever since. He was a volunteer sol-
dier in the war of the rebellion, and served
in the Army of the Potomac until the fall
of Richmond. He was a member of the
Nebraska constitutional convention in
1875, and was elected to the Nebraska
Congress by decisive majorities. Deceased
was a Republican and a strong party man.

HASTINGS, Neb., Aug. 19.—An autopsy
was held on the remains of Congressman
Laird, who died Saturday. The theory
that he died of softening of the brain was dis-
posed by the examination of that organ,
it being found in a perfectly healthy state.
A number of physicians who have been in
attendance at Mr. Laird's bedside attribute
his death to blood poisoning, the result of
a recent operation performed, but the
cause of his death is still wrapped in
mystery.

Mr. Laird was interred in Park View
cemetery in Hastings, alongside of his
father, mother and brothers. His col-
leagues, Senators Manderson and Faddock,
Representatives Thorpe and Council, and
all paid-laborers. The funeral took place
Monday at 1 o'clock at the First Presby-
terian church. The Hon. J. G. Tate con-
ducted the services. The city was pro-
fessly attired in mourning. The public
buildings and business blocks were sur-
rounded with flags at half-mast. Silas
Strickland Post No. 13 Grand Army of
the Republic of this city, had charge of
the funeral.

DEATH OF MILLIONAIRE THAW.
The Pennsylvania's Vice-President Ex-
pires in Europe—His Immense Wealth.

PITTSBURGH, Pa., Aug. 19.—A cablegram
from Paris in not a few minutes has
Thaw, vice-president of the Pennsylvania
company and one of the most prominent
railroad men of the country. He was re-
puted to be worth at least \$30,000,000,
and was a well-known philanthropist. The
cause of his death has not yet been
learned. He was 61 years of age.

A Woman's Discovery.
"Another wonderful discovery has
been made and that too by a lady in this
county. Disease fastened its clutches
upon her and for several years she with-
stood its severest tests, but her vital or-
gans were undermined and death seemed
imminent. For three months she con-
fined herself and could not sleep. She
bought of a bottle of Dr. King's New
Discovery for consumption and was so
much relieved on taking first dose that
it during the day her fever subsided—L.
M. George, Birmingham, N. Y.

I can cheerfully recommend Dr.
King's New Discovery to the suffering, public
for they have and stoppage of the nose, pain
in the head, and find it gives
immediate relief.—J. E. Rector, Little
Rock, Ark.

Hay Fever.
I have been a periodical sufferer from
fever since the summer of 1879, and un-
til I used Dr. King's New Discovery was
never able to find relief. I can truthfully say
that Dr. King's New Discovery is a medicine
of great value and would not be with-
out it during the hay fever season—L.
M. George, Birmingham, N. Y.

I can cheerfully recommend Dr.
King's New Discovery to the suffering, public
for they have and stoppage of the nose, pain
in the head, and find it gives
immediate relief.—J. E. Rector, Little
Rock, Ark.

HIPPOLYTE IS BEATEN.

REVERSAL OF THE LATE CON-
DITIONS IN HAYTI.

The French Said to Be Aiding Legitimate
Forces—World Affairs.

BOSTON, Mass., Aug. 19.—Chief
Engineer George B. Plum of the Haytian
corvette Desolines, who has just returned
from the steamer Desolines from Port-
au-Prince direct, says the Legation is
now virtually in charge of the entire
island. Hippolyte's forces since their
effective repulse have been in the "bushes"
and are scattered to the north of the
island. Legation's men-of-war are
thoroughly fitted out and he is undoubtedly
receiving financial assistance from the
French government. When Engineer
Plum received his last salary at Hayti
he says Gen. Contres went aboard
the French ram and returned with a bag
of gold and then paid off the officers. The
army under Gen. Gaudier is in Port-au-
Prince, well fed and well clothed. Legi-
time is living in the palace with his fam-
ily and his special armed body guard,
which attends to him everywhere. All the
Americans have left the city. Capt.
Fischer of the Belle, now called La De-
fense, was the last white man to leave.
Four went to Havana on the steamer
Amelia, the others going to France on
the steamer Saratoga. The city is not en-
tirely tranquil, there being occasional out-
bursts of disorder and several incendiary
fires occur each week. The city is with-
out a dollar of gold, and the French
vessels, a ram and a bark-rigger man-of-
war carrying five guns, all Krupps. The
present condition of affairs is an
entire reversal of that
which existed only a few days ago. The
only resources which Hippolyte has
are those which he has secured while occu-
pying St. Marc. When these shall be ex-
hausted the only course left will be to
surrender. This event if happening
within two or three days would not sur-
prise Engineer Plum. His forces are in a
demoralized condition, while Legitime's
are in the best of spirits. The French
into the latter's service is daily kept up
and Legitime is strengthening his position
in every way possible. The weather has
been continuously delightful.

BOULANGER MAKES A SPEECH.
He Tells His London Admirers What He
Did With France's Money.

LONDON, Aug. 19.—Five hundred French
residents of London visited Gen. Boulanger
in a body Sunday and presented him with
an address of sympathy and homage. The
General, in a speech, said that he had
never used money belonging to France
except when trying to cure her against
enemies. He had been cited by a re-
publican constituted court, but he and his
colleagues would have taken the first boat
for France to face a trial. The French
government did not dare to avail them-
selves of the ordinary courts, but formed
a special tribunal composed of his polit-
ical enemies, which had virtually con-
demned him before it met. In conclusion
he said he only asked good faith from the
French people and the triumph of the
present rulers would soon be a thing of
the past.

A CHINESE BUTCHERY.
Between 400 and 500 People Massacred
by a Body of Rioters.

SAN FRANCISCO, Cal., Aug. 19.—The
China Mail of July 18, received from Hong
Kong, states that a large band of rioters
from Kiang Si raided a number of Chin
villages in revenge for the loss of their
of their countrymen last year, and slaugh-
tered 400 or 500 Chin Chuanas, including
women and children. They also carried
off all the easily portable valuables and
then returned to Kiang Si. In concluding
its account of the affair The China Mail
says: "Whether the trouble will end here
we do not know, but we look for further
news in a few days."

The Triple Alliance.
BERLIN, Aug. 19.—It is reported that
the recent interviews between Prince Bis-
marck, Emperor Francis Joseph and
Count Kalnoky resulted in a modification
of the Austro-German treaty, whereby a
cause fester is established whenever vital
interests of the three powers are threatened.
Hitherto only an open attack has consti-
tuted a cause for joint action.

Death of Sara Bernhardt's Husband.
PARIS, Aug. 19.—M. Damala, the hus-
band of Sara Bernhardt, died Sunday of
cerebral congestion.

A GAY SECOND BASEMAN.
Sam Crane of the Metropolitan Runs
Away with a Married Woman.

NEW YORK, Aug. 19.—Samuel Crane,
second baseman of the Metropolitan, and
Mrs. Hattie E. Fraumeni of Scranton, Pa.,
were arrested here last night on
requisition papers from the Pennsylvania
authorities.

The former is charged with larceny and
the latter with adultery. The specific
charge against Crane is receiving \$1,500,
which is alleged Mrs. Fraumeni took
from her husband and turned over to Crane.
The woman has made a statement that
Fraumeni is her second husband and
that he has used her brutally and often
beaten her, besides being guilty of infidel-
ity. She says the money referred to be-
longed to her and not her husband, and
she has not given it to Crane. She alleges
that Fraumeni ill-used her children by a
former husband, and, by his cruelty,
forced her to leave him.

A BOY'S HORRIBLE DEATH.
Two Brothers Bitten by a Mad Wolf and
One Died of Hydrophobia.

ALBUQUERQUE, N. M., Aug. 19.—A
Mexican boy who was bitten by a mad wolf
in the San Dias mountains died in great
agony. The scene around the little fel-
low's bed was heartrending for he acted
like a wolf, and, though small, it took
several men to hold him down. He and
his elder brother were playing a few yards
from the house when the wolf attacked
them, lacerating their faces and hands, the
younger boy, however, receiving the deepest
wounds. A Mexican herder lassoed
the wolf, throwing the maddened beast to
the ground, but having no knife he cut the
rope and strangled it to death. It is
feared the other boy will die.

Decided Against Mrs. Terry.
SAN FRANCISCO, Cal., Aug. 19.—In July
the Supreme court of California reversed
the decision of the Superior court in the
Sharon-Hill case and remanded the suit
for new trial. Mrs. Terry applied for
motion to have the order for a new trial
set aside. The Supreme court has now
refused her application.

sippi river. These excursions will

excellent opportunity to visit these states
and territories at a small expense.

of rheumatism in ten days' standing."
Abraham Hare, druggist, Belleville, Ohio,

experience is Electric Bitters. Thousands
of others have added their testi-
mony, so that the verdict is unanimous
that Electric Bitters do cure all diseases
of the Liver, Kidneys or Blood. Only a

—"It is said" that the first ward park commissioners are neglecting their duties to the ruin of the corn exchange park, in that the park is used for a feeding place for a car dog that is allowed to know bones, walk in the fountain basin, and pass the remainder of the day on the grass. The grass is showing signs of decay, and it is whispered that the matter will be brought to the attention of the common council at the next meeting, unless the commissioners take previous action by "removing" the dog.

Rogers, of Michigan] will be in Janesville on Monday, August 26th, and would be pleased to meet as many of the old boys as possible. We will arrive in Janesville about noon on the Northwestern." Company E was recruited in this city, and no doubt many of the members are still residing in this vicinity.

—By putting the Salvation army in jail a Janesville court has interfered with the purpose of that bilious band to come to Milwaukee Encampment week. It is somewhat strange, by the way, that this community has so far escaped a visitation of the Salvation army affliction. Whether we are considered to be good enough or hopelessly bad is an interesting question. It may be that we are registered in the records of the Salvationists as lacking in emotional qualities. It may be, again, that the common council in regular session is more bountiful than the army and that the army is afraid of putting itself against Gen. Hines's roaring band. —Milwaukee Sentinel.

SUICIDE BY HANGING.

Elmer Tracy, of Center, is the Unfortunate Victim.

A VERY MYSTERIOUS AFFAIR.

The Particulars as Far as Are Known—The Inquest—Funeral on To-Morrow.

News reached the city last evening at seven o'clock that Mr. Elmer Tracy, of the town of Center, had committed suicide by hanging, no cause being given for the commission of the unnatural act. A reporter of the Gazette learned the following particulars from parties who visited the Tracy homestead after the suicide had been discovered. It appears that Elmer Tracy is about 25 years of age; for three or four years he had been in Chicago, where he was employed as a laborer. Last spring he engaged with Mr. White Wright, of Center, as a farm hand, for the season or year. Deceased was in the habit of making almost daily visits to the home of his mother, Mrs. John Tracy, who has not been enjoying very good health of late. Elmer, on Sunday morning, advised his mother to have a doctor summoned to see if something could not be done to help her. This she declined. Elmer then went up stairs to his room where he remained until nearly noon, coming down again he went through the house, holding a little unimportant conversation with his brother, and then went out, as was supposed to return to Mr. Wright's. Nothing unusual was noticed about his actions. His body was found at about five o'clock last evening, hanging from a beam in the barn. It would seem that he left the house in the first place and went direct to the barn, which is situated about 60 or 70 rods from the house; took a rope halter and made a regular hangman's noose; he then put one end over the beam and the noose around his neck, placing the knot at the lobe of the ear. He climbed up on the beam of a plow, and when all was ready he kicked the plow over. The rope was just long enough to allow the ends of his toes to touch the floor. It appears by surrounding circumstances that he must have repented of his rashness and endeavored to free himself. His left arm indicated that he had caught hold of the rope or beam to draw himself up for the purpose of freeing himself; his right hand pants pocket was turned out, a few matches were spilled out and an unopened pocket knife lay at his feet. No member of the family can give any reason for the commission of the suicide. Deceased was well known in this city and was a member of the Odd Fellows, being at the time of his death in good standing in Janesville City Lodge No. 30, this city.

OLD SUGARERS.

FATHER M'GINNITY'S RESIDENCE VISITED LAST NIGHT.

The residence of the Rev. Dean McGinnity, of St. Patrick's church, was entered by burglars at an early hour this morning, and \$30 in money taken, besides several other little articles of more or less value, including a gold watch chain, gold pins, etc. At 1:15 o'clock this morning Father McGinnity was called up to go down in the town of Rock to make a sick call at Michael Finley's, and it was during his absence that the burglary was committed. It would seem that the burglar was acquainted with the premises, and some are uncharitable enough to connect Jack Hess's name with it. A drinking cup was taken from the pump near the door, which was used as a shade to keep the light from shining against the windows. The candle used was melted in such a way as to scatter grease through the house, and the burglar's movements were tracked by this. The cup, burned and covered with the smoke and grease of the candle, was replaced on the pump. A burglary is reported last Saturday night at the home of E. G. Fifield, first ward. A small amount of money, a gold watch and edibles were taken. There is every evidence to believe that these burglars are the same as those who stole the milk one evening last week. No clue to date.

ROCK C. S. S. ASSOCIATION.

EDGEMONT WAS THE CENTER FOR SUNDAY SCHOOL WORKERS YESTERDAY FOR SOUTHERN WISCONSIN.

The pastors relinquished their pulpits to speakers from abroad. Mr. and Mrs. Kinney were very happy in their remarks, as also Rev. Miller, Hon. D. F. Sayre, Mr. Truman Hollister and others. Mrs. Kinney's primary class exercise was well received, and proved very instructive; her questions were ostensibly for those immediately before her of tender age, but many taxed those of riper years.

Mrs. Christine Hawley's singing charmed the large audience and it seemed they would never be satisfied. Mrs. Ryckman's singing was also appreciated, and their duets were fine, their voices blending perfectly.

Services were held in the various churches in the morning, and a union meeting in the afternoon in Royal hall and in the Baptist church in the evening. The attendance was large. Rev. Mr. Reid and many from his church at Fulton were present, as also many from the surrounding country. It was a very successful meeting in all respects, and doubtless will stimulate the Edgemoat Sunday school workers to greater earnestness in their work.

A SUNDAY FIRE.

A QUICK RUN TO 420 SOUTH FRANKLIN STREET.

Last evening at 5:25 o'clock an alarm of fire was turned in from box 46, located at the corner of South Franklin and Union streets. "I pulled down the hook and then looked up Franklin street and saw a cloud of dust, and the next thing I knew the fire department was right on the alarm." It is seldom the department excels the time of yesterday afternoon, and they must have reported at the box, which is fully three-quarters of a mile from the nearest engine house, in side of three minutes from the first tap of the bell. They went like mad.

The fire was in the residence of Mr. Wm. Stadel, 420 South Franklin street, near Oak. An overheated stove in the kitchen had caused a tile chimney to crack and fly to pieces, setting fire to a few shingles in the roof. The fire was extinguished, with but trivial damage.

In responding to the alarm a little accident happened to the patrol wagon. The regular driver had left the engine house a few minutes previous to the alarm, going to his supper. The team was hitched on time, and a new driver, not very well acquainted with the horses, took the lines, and away they flew down Main street. In making the turn into Court street to cross over to South Franklin street, the wagon slowed to the gutter along side of S. L. James' shop, and the driver was badly whiped, and a few of the boys were badly scared. They righted up, however, and "got there" in good time. The accident is accounted for by the breaking of one of the break rods, preventing the driver from slowing up as he made the turn.

THE SALVATION ARMY.

They Cause Serious Runaways and Mischiefs.

ENTIRE ARMY ARRESTED.

They Appear Before Court and the Case Adjourned—The Runaways.

For some time past the members of the Salvation Army have been making nightly parades with drum and tambourine accompaniments, which with their shouting and singing has caused considerable commotion at times on the public streets. Their barracks are on South River street, and they have been accustomed to march from these up and down Milwaukee street, and halting for a "hallelujah" time at Corn Exchange fountain. All this has been in defiance of the ordinance and the commands of the city marshal.

On Saturday evening Milwaukee and Main streets were over-crowded with people and teams, and the army turned out bent on having a shouting and noisy time, and they succeeded. They caused a regular stampede of horses, creating four or five runaways, wrecking four or more buggies, and injuring more or less several ladies. It was a great wonder that many people were not killed, as the runaway horses dashed through the crowds at a wonderful speed. Finally Marshal Hogan was seen to assume command of the army, he giving them orders to follow him to the county jail, all being placed under arrest. His order was obeyed, and with drums and tambourines, the army, consisting of four men and three women in uniform, marched cheerfully to prison, singing and drumming and shouting the entire distance.

"You ought to be ashamed to kick up such a disturbance on the streets," said Marshal Hogan to the lady captain. "You came very near killing two ladies in a runaway."

"Glory to God," shouted all in chorus, as an answer to the marshal's admonition. They were followed to jail by a large crowd of people, and as they passed into the corridors of the jail, and were separated from the crowd, all were shouting "Glory, glory, hallelujah!"

Those arrested were Fred Little, Frank Carson, Sarah Marie, W. O. Crarey, Alfred Hart, Florence Hoyle, Agnes Carson.

In the police court this morning the plea of not guilty was put in answer to the charge of disorderly conduct, and the trial was set for Thursday morning. All were placed under \$50 bonds for their appearance at that time, F. M. Hibbard being surety.

The general impression of the people, those who have carefully watched the proceedings of these salvationists, is that they should not be allowed to make their street parades and public exhibitions, and if their meetings cannot be confined to their barracks, they should not be tolerated elsewhere.

SUGAR RIVER PEARLS.

GREAT EXCITEMENT CONTINUES ALL ALONG THE VALLEY.

Correspondence of the Gazette.

ALBANY, Wis., August 19th.—The pearl fever has become an epidemic and is spreading through the valley of the Sugar river and all over the country. The fishing now embraces twelve miles in length—to the north four miles and eight miles south of Albany. All along the winding stream the crusaders against claims are being waged with relentless vigor for the harvest of shells with dainty pearls will end for the season about the first of November, when the claims seek winter quarters.

Hundreds of people participated in the scramble for the glittering gems, hidden in the membranous mantle that lies within the corrugated shell of the clam that rests on the loam of the river bed. It is only one in a thousand on the average that contains a pearl, but the hundreds of toilers get there every day with rich fluids, which acts as a stimulus to renewed energy the day following.

It is safe to estimate that not less than five thousand dollars' worth of pearls have been raked out of the river in this vicinity within the past four weeks. Some of the specimens obtained have been valued as high as \$250 each. Numerous shipments have been made to New York firms who pronounce them of the first water. The only trouble so far has been that they could not get them fast enough to supply the demand. The races for Sugar river pearls which for beauty and adornment are unexcelled in the world. The dark, lustrous and highly colored pearls are most admired, and command higher value than the more common plain-white pearls which have been held as heir-loom from generation to generation. Sugar river pearls are mostly found colored with rich tints of pink, ruby and wine, green and gold, sky blue and brown.

A number of camping parties visited this section the past week, and embarked in the pearl business. The country people from Dane and Rock counties and an out-pouring from this county gathered at the river, picniced on its banks and dived for pearls with as much enthusiasm as did those at the outbreak of the fever two weeks ago. The fascination for pearls has made it popular to wade in the water up to your neck if you can only reach a clam with your toe. Beyond this point it is not expected you will make further advances unless some good samaritan is within reach with an iron rake. Greater discoveries are predicted in the near future. A celebrated clairvoyant has located valuable pearls here as yet undisturbed, and the crowds of gem worshippers are after the precious jewels.

TODD'S.

"BIRTON AND INDIA PALE ALES" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee street bridge.

THE EDGEMONT MURDERER TO BE TRIED IN NOVEMBER.

John Metcalf, the alleged murderer of Miss Isabella Reynolds, at Edgemoat, July 28th, was brought before Judge Bennett at his room in the circuit court at the court house at 9:30 o'clock this morning. The judge appointed Judge Patten as the prisoner's defendant. After a long conversation with his counsel the prisoner appeared again in court, and the defendant announced to his honor, Judge Bennett, that Metcalf desired to plead not guilty to the charge preferred.

"He has talked of pleading guilty," said Judge Patten, "but to a less offence."

"There is nothing then left to do but to remand the prisoner," said Judge Bennett.

The prisoner's counsel then informed court that if the district attorney would file a complaint of less offence Metcalf was ready and willing to plead guilty.

District Attorney Malone said that he could not do this.

Judge Bennett then said, "Mr. Sheriff you may remove this prisoner."

"I can not see my way clear to make a less offence," said Mr. Malone.

Sheriff Babcock then took Metcalf to the jail.

Judge Bennett placed the amount of bail at \$10,000. The trial will not take place until the November term of court.

Metcalf appeared unmoved and in a very peaceful state of mind this morning considering the penalty hanging over his head, and returned to the jail with the sheriff very quietly.

There was a small crowd in the court room among which were noticed a number of clergymen.

THE EXCURSION TO OSHKOSH.

NEARLY EIGHT HUNDRED PEOPLE PARTICIPATE IN THE FESTIVITIES YESTERDAY.

The conductors' excursion was a great success. The clouds of the early morning yesterday were a little threatening, but the excursionists were brave. The most of them were up by five o'clock. The ladies decked themselves in gay attire; the gentlemen donned their dress suits—or at least those who were fortunate enough to have one. By 6:30 o'clock the platform of the Northwestern depot was crowded with people and as the crowds cleared away the sun came out bright and cheerful. Conductor Neal Mahoney, who had the excursion in charge, arose with the early dawn and had everything in readiness. The conductor worked hard, and deserves great praise for the success of the enterprise.

At seven o'clock the special of ten coaches pulled up to the depot from the yards, and was boarded by at least 400 people from the city. They were a jolly crowd. It was nearly 7:30 when the train pulled out of the depot and the shouts and waving of handkerchiefs of hundreds of people who had assembled on the platform to "see their friends off." The engine pulled and groaned as it pulled the heavy load over the bridge and northward.

The excursion was joined by hundreds of people all along the line. At Milton Junction, Koshkonong, Fort Atkinson, Jefferson and Watertown, and at many stations further north, their number was materially increased, until at 11 o'clock, the train of ten coaches pulled into South Oshkosh crowded with passengers.

The trip had been enlivened all along the road by selections rendered by the Bower City Band, which accompanied the excursion.

The excursion was met by the Arion Band and escorted to Turner Hall. Some took looks to the hotels and restaurants where preparations had been made to receive the multitude.

It may be said of Oshkosh people that they are hospitable in the extreme. No pains or money was spared to attend to the comfort of the visitors. Everything pertaining to first class restaurants were found on the tables, with the exception of toothpicks, (the absence of these can hardly be accounted for owing to the vast lumber interests of the city.)

The afternoon was spent in visiting points of interest in and about the city. Some took the street cars, others rode in hacks and still others walked the streets to view the magnificent residences and business interests for which the city is noted.

There were excursions on the steam boats, amusements at the parks and Turner Hall. Some who were exceedingly modest and conscientious about Sunday excursions took a decided quiet view of life and visited the principal suburban residences as though they seem to enjoy Sunday festivals as much as their more worldly neighbors.

As the crowd entered the city they passed under a beautiful arch of foliage on which was engraved the "welcome." Turner Hall was decorated and festooned for the occasion, and the engine houses were decked with flags.

A few among the many places of interest in the city were the New Government Postoffice building, City Hall, Algona block and other streets.

The lumber interests are notably conspicuous in the city. It is this that gives the city its business impetus.

By six o'clock the great throng of people proceeded back to the depot and at 7:15 the train pulled out of South Oshkosh homeward bound. The crowd of people were very orderly and quiet, indeed it was notably so. Nothing happened to interfere with the enjoyment of anyone.

It was just 11:30 o'clock when the train pulled into Janesville last night and there was not an accident to chronicle in the whole journey. Oshkosh extended the freedom of the beautiful city to Janesville yesterday and our people are loud in their praise of courtesy received at their hands.
